Corrections Policy

Stage	Can Correct?
Before submitting the form online	Yes — edit the form yourself
After submitting, before photo is taken	Yes — request correction from enrollment staff
After photo is taken and form is signed	✗ No — not possible
After passport is printed	✗ No — must apply for a new passport with full fees

If the error is the **office's fault**, a new passport is issued **free of charge**. If the error is the **applicant's fault**, the full applicable fee applies.

Tips for Accurate Form Filling

- Fill the form yourself — if someone helps, review every field before submitting
- Ensure all details match your citizenship certificate exactly
- Double-check date of birth, citizenship number, and name spelling before signing
- Corrections are much easier before the photo — verify everything at the counter before biometric capture
